- **Game Engines:** Unreal Engine 5 (Blueprints, Level Design), Unity (Basic).
- **3D & Art Tools:** Blender (Modeling, UV Unwrapping, Animation), Adobe After Effects, Adobe Premiere Pro, Adobe XD.
- **Programming:** Python (Automation/Data), C++ (Familiar).
- **Core Competencies:** 3D Asset Pipeline, Motion Graphics, Visual Storytelling, Project Management, AI Prompt Engineering.

LANGUAGES

- English (Fluent)
- Hindi (Fluent)

PROFILE

3D artist and game developer skilled in Blender and Unreal Engine for modeling, texturing, VFX, and environment design. Experienced with motion graphics and video editing (Premiere Pro, After Effects) and UI/UX design (Adobe XD). Completed independent Python projects, demonstrating adaptability and problem-solving beyond traditional tools. Passionate about combining art and technology to craft immersive game experiences.

WORK EXPERIENCE

- **AI intern at IDS Infotech** (Chandigarh) MAY'25 - JUL'25
 - Directed a creative team through the full production lifecycle, overseeing the integration of 3D animation and motion graphics into cohesive projects.
 - Managed production milestones and asset pipelines, coordinating efforts between artists and editors to ensure strict adherence to deadlines.
 - Supervised quality control (QC) for all visual deliverables, ensuring high artistic fidelity and consistency in the final output.
- **3D Animation and Motion Graphics** Aug'25 - Oct'25
(Intern at The Leapfrog Network New Delhi)
 - Created 3D animations and motion graphics for production and client projects.
 - Worked with Blender, After Effects, and Premiere Pro in end-to-end workflows.
 - Supported the team in asset creation, animation, and post-production
- **Head of Visual Effects Department** (BITS PILANI) JUL'24 - PRESENT
 - Led a team of creators to produce high-quality visuals using video editing, motion graphics, and 3D animation.
 - Managed project timelines and coordinated team efforts.
 - Ensured delivery of stunning and impactful visual content.
- **Projects and Previous works**
